

FMIS 5.0 Planned Enhancements

Updated as of August 19th, 2014

| # | Functionality Area | Description | Planned Implementation Date |
|---|--------------------|--|-----------------------------|
| 1 | Projects | The project detail grid should display sub-totals by Program Code | 8/23/2014 |
| 2 | Projects | Revert Project Status codes back to the codes from FMIS 4 | 8/30/2014 |
| 3 | Projects | Revert code for Northern Mariana will be reverted to "75" | 8/30/2014 |
| 4 | Projects | Make the Manage Projects screen persistent. When a user returns from viewing a project, the filters and columns that the user selected should still be in place. | 8/30/2014 |
| 5 | Projects | Revised valid values for Project Oversight | 8/30/2014 |
| 6 | Projects | DUNS number is not being handled correctly. It should be required before moving to the project detail level. Each recipient can have multiple DUNS numbers. | 8/30/2014 |
| 7 | Projects | Warn the user on Save if fields are missing that will be required for State or Division signature. | 9/6/2014 |
| 8 | Projects | Urban Attributable funds can be usable anywhere within the Metropolitan Planning Area | 9/13/2014 |
| 9 | Projects | Migrate FMIS-4 Urbanized Area Codes to FMIS-5(Urbanized Area Rule Changes for Project Detail) | 9/13/2014 |
