Dear Ms. Garcia-Aline,

The attached 2014 Highway Safety Improvement Program (HSIP) Annual Report contains HSIP funding obligations through August 22, 2014. We are proud to report that the Alaska HSIP benefit cost for the most recent five-year period is 5.2:1, a measure of our program effectiveness in reducing fatal and serious injury crashes.

The report was prepared and submitted in electronic form using the FHWA HSIP Online-Reporting Tool (ORT). The ORT is implemented by FHWA Office of Safety in accordance with 23 USC 148 and MAP-21 HSIP Reporting Guidance published February 13, 2013 at this link:

Please contact Jeff Jeffers, State Traffic and Safety Engineer, at 465-8962 if you have questions or need additional information.

Sincerely,

Roger Healy, P.E.
